

ADVISORY COUNCIL MEETING HIGHLIGHTS

May 14, 2013

First Reading Westbank First Nation Local Revenue Law (13-LRL-03)

An overview of the Community Core Plan was presented and discussed at length. The general discussion was around the use of the lands being for members as well as non-members. The AC also discussed their desire to be more involved in the planning process for the property since the tax payers would be paying for the purchase. Community consultation in the form of open houses was suggested. It was decided that the idea of the AC being more involved with the planning be taken to the next Council meeting, taking place on Tuesday May 21st and then a special meeting of the Advisory Council be planned after that date. **The special meeting of the AC will be by teleconference on Tuesday May 21st at 4pm.**

Lakeridge Park Subleases

The Advisory Council was given an update on the progress of the new subleases by Marcus Hadley, Legal Counsel/Council Secretariat, via telephone. At this time, CMHC has now approved the new subleases. Once the subleases are ready to be sent out, residents will be notified. It was expressed that it would be in everyone's best interest to sign these new subleases. If there are further inquiries about the leases, please contact WFN Legal Services Clerk, Ashley Clark.

The next regular meeting of the Advisory Council will take place on Tuesday, June 11th at 9am in the Intergovernmental Affairs Boardroom of the WFN Government Building.
