Watering Regulations: Stages 1-4

Hand watering of all landscape plant materials and vegetable plantings, excluding lawns and vehicle washing, is permitted either with a watering can or with a control nozzle on a hose. Using an open pipe or hose for irrigating purposes is not allowed.

- Automatically Controlled Underground Sprinkling Systems (residential and commercial):
 - Properties equipped with an automated time clock sprinkler system may only sprinkle between the hours of 12:00 – 6:00 a.m. on the permitted days of the sprinkling regulations as described above.
- Manually Controlled Sprinklers (Residential & Commercial):
 - Properties equipped with only manually controlled sprinkling systems, including those attached to outside taps, may only operate from 6:00 – 10:00 a.m. or 7:00 p.m. – 12:00 a.m. on the days permitted by the sprinkling regulations as described above.
- Sprinkling is not permitted between the hours of **10:00 a.m. and 7:00 p.m.** during any day at any time of the year
- Only one ½ inch diameter outlet (outside tap) may be used at any time for sprinkling, and further, it is not permissible to use an open pipe or hose for irrigating purposes
- Under certain situations, such as drought conditions, protection of works and the efficiency of the system as a whole, and whereby determined by the WFN Utility Department, additional stages for regulations may be imposed, and are in effect until determined by the WFN Utility Department.
