Dear WFN Members:

Re: WFN Member New Housing Construction Grant

The WFN Allotment Commission is happy to announce the opening of the WFN Member New Housing Construction Grant. The Grant is intended to assist members who hold a certificate of possession with the construction of a new home through a financial contribution of up to \$35,000. Homes constructed since March 31, 2010 are eligible for the Grant as per the WFN Member Housing Grant Policy (2015-86), which can be downloaded from the WFN website or requested from Development Services staff.

The WFN Member New Housing Construction Grant application is comparable to the submission of an INAC Individual Housing Grant. For example, if you have submitted all the required INAC grant materials to the WFN Housing Department, you simply need to complete and submit the WFN Member New Housing Construction Grant application to the WFN Development Services department.

Up to three grants, of up to \$35,000 will be awarded during this opening.

WFN Members who are interested in pursuing this opportunity are required to fully complete an application and submit it to Graeme Dimmick, Senior Planner by March 25, 2019.

Housing Grant applications are available at the WFN Community Services office, the Lindley Building or available for download on the members section of the WFN website (www.wfn.ca)

Respectfully,

WESTBANK FIRST NATION
