

## Proposal Request Form

**The Westbank First Nation (WFN) Public Art Committee (PAC) is looking for proposals from the Art Community**

### **Summary of Project**

FortisBC Support Services Hub will be a 25,000 SF office space on two floors at 760 Vaughan Street in Kelowna. The space will house the support service teams for both FortisBC Energy (Gas) and FortisBC Inc (Electric). The office will be open to the public and FortisBC would like to incorporate local First Nations art to reflect the unceded traditional territory where the office is located. Through this space and partnership we are providing a forum for the syilx Okanagan Nation to tell the story of the land and the people since time immemorial. There will be opportunities for 2D and 3D art installations. Construction of the building is expected to start soon and the design of the interior spaces are in the preliminary stages. The attached document provides some renderings of the building, the design direction for the interiors and some ideas of locations and types of art that would work in the space. As the design is preliminary these may change as the design evolves. FortisBC is also open to suggestions should artists have alternate ideas they would like to present.

**Project is expected to be complete Date: Summer 2023**

*Community. Leadership. Pride.*

---

## **Expression of Interest**

Individuals and organizations are asked to attach a detailed Expression of Interest response that includes the following information:

- A. Introduction of organization or individual
- B. Details of their proposed project
- C. Personal vision for this project
